### **Integra** Viglen Getting Started Guide

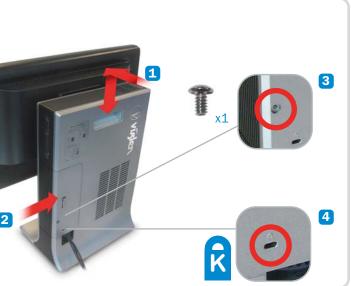

Depending on your configuration you will receive one split power cable for the base unit and monitor and one or more of the following cables: video, audio. Cross-head (philips-head) screwdriver Optional security screwdriver (order EMSECDRV from Viglen)

#### Step 4 Replace the Back Cover

- 1 Replace the back cover by applying it flat to the back of the base unit, engaging its lugs and pushing firmly downwards.
- 2 Replace the cable cover by sliding it from the left until it locks in place.
  - Care should be taken to ensure that all cables are routed through the cable window below the cable cover.
- **3 Optional:** Fit 1x Security Screw A into the locking clip to deter unauthorised opening.
- **Optional:** Fit a Kensington-style locking cable or clip to lock the cover and secure the Viglen Integra to the desktop.
